THE BAY LEAF

PUBLISHED WEEKLY BY THE ASSOCIATED STUDENTS OF THE SAN FRANCISCO STATE TEACHERS COLLEGE

VOL. XI

THE BAY LEAF, SAN FRANCISCO STATE TEACHERS COLLEGE FRIDAY, JULY 26, 1931

No. 1

SUMMER SESSION STAFF IS LARGEST IN S. T. C. HISTORY

Visiting Faculty Includes Many Noted Educators

The visiting faculty of the S. T. C. Summer Session includes a number of interesting personalities. Among them is Dr. Evelyn Aylesworth, assistant professor of physics of Mills College, who has achieved a reputation by her remarkable success in interesting girls in science.

Another fortunate addition to the faculty is Mrs. Amy Flemming, art supervisor in the San Francisco schools, and herself a well-known professional artist. Miss Vera Wilkinson from Michigan and Mr. Richard Allman from Riverside Junior College are also giving courses in art here.

In the field of education, are Mr. Cloud, chief deputy superintendent of schools in San Francisco, who has come from the East to become vice-principal of the San Francisco Part-time School; Mrs. Stewart, principal of the Hoover School in Burlingame; Miss Bradt, rural supervisor of Placer County; and Mr. Perrot, principal of the Second District California Congress of Parent Teachers.

A mother-daughter combination is found in the persons of Mrs. McKay and Miss Jean McKay. Mrs. McKay teaches English, while her daughter specializes in Biology.

The Summer Session music department boasts besides Miss Daniels from Los Angeles, Mr. Freeburg from Montana; Mrs. Lampton, from Polytechnic High school; Mr. Silver from Yuba County Junior College, and Mrs. Nicoll, vocal artist of national reputation, a number of musicians from the S. F. Symphony Orchestra. These men, who are giving private lessons are Mr. Benkman, Mr. Edwards, Mr. Gennacos, Mr. Hranek, Mr. Moore, Mr. Turner, Mr. White, and Mr. Zech.

The college has been very fortunate in securing several specialists in the Speech Handicap field. Miss Chaffey is a psychologist from the American University in Washington; Miss Halsted is field assistant, State Department of Education.

Pete the Pedagogue Says:

Studious summer sessions students storm shelves seriously searching for solutions of assignments.

She's Speaker

DEAN WARD

Miss Ward Speaks At First Assembly

To welcome both old and new students to summer session, an assembly was held, Monday, June 24, at ten o'clock in the First Baptist Church. The Dulcet trio composed of Miss Ethel Isaacs, Miss Doris Mitchell, and Miss Marie Hyde furnished music for the occasion.

Margaret Petray, acting chairman presented Catherine O'Sullivan president of the student body, who gave a short welcoming address asking for the cooperation and confidence of the entire group. Dean Mary Ward, director of the summer session, also spoke briefly stressing the professional, cultural, and social advantages offered by the San Francisco State Teacher's College. Miss Ward also announced that the registration for this summer has exceeded that of any previous session. Mrs. Fern Boulware, director of extra-curricular activities, concluded the assembly with a summary of the plans for the summer.

Many more interesting assemblies are to be held in the near future for the students of the College.

Dean Cox Offers Men's P. E. Course

Dean Cox, director, instructor, and advisor of men's physical education activities, is a member of the 1931 Summer Session faculty. In the light of what he accomplished during his year with S. T. C. to date, one may realize how thoroughly competent he is in his several capacities.

Dean Cox is an instructor as well as a coach, and he has planned several courses of interest for this six weeks.

A basketball class is scheduled for 2:10 in room 208 and the gym. The men have to sign up, as the program changing deadline is this week. The class to date is far from crowded; in fact, Dean Cox says unless more show up it may be discontinued. "Administration of Physical Education" at 12:10 in room 207, and "Track and Field" at 1:10 are principally lecture courses, according to Mr. Cox.

Frederic Burk to Hold Exhibits, Meetings

During the summer session, representative classes, ranging from the kindergarten to the eighth grade, will be held in the new Frederic Burk Elementary School building. Approximately 200 children will be in attendance, taught by student teachers under the supervision of Miss Alice Allcutt, Miss Catherine Burkholder, Mrs. Evangeline Spazio, resident supervisors and Mrs. Stuart, principal of a Burlingame school.

Both individual and group activity work are being planned for in each room; in addition to the regular classroom work, there will be special classes in instrumental music, creative music, dramatics, and interpretive dancing.

Many San Francisco schools, cooperating with the Training School, have loaned their exhibits to be placed on exhibition in the lower floor; and several of the teachers who developed these exhibits are planning to hold discussion hours to tell how they went about developing their work. Miss Joan Lyons and Mrs. Harville, both former State students, are to hold one of these hours in the near future.

At present, the lower halls of the Frederic Burk are being filled by various publisher's exhibits comprising a fine collection of recent textbooks, professional books, and school materials.

After Monday, June 29, visitors will be welcome in the classes of the Frederic Burk Training School at any time between the hours of 8:00 a. m. and 12:00 noon. Application to visit in the classes should be made at the Frederic Burk office and a visiting card obtained. In addition to this type of observation, there will be scheduled demonstrations in the classrooms and in the school auditorium. Since the small size of the rooms makes it necessary to limit the number of visitors for these demonstrations, visitors are requested to sign up in the office of the training school.

All of the supervisors are planning to hold office hours in which they will be pleased to receive visitors, who may consult the supervisors' programs in the office of the Frederic Burk School to ascertain their free hours. Student hostesses, who will be pleased to answer any questions or direct visitors to the classrooms, will be found at desks along the halls.

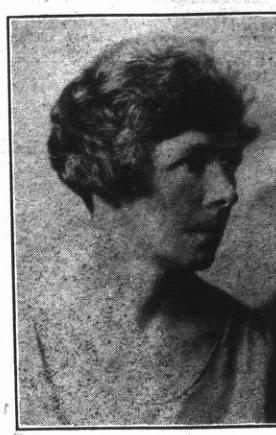

A complete calendar of demonstrations may be found in the Summer Session catalogue.

Number Enrolled Passes Year Mark

Latest announcements from the Registrar's office reveal summer session reached the registration for this 1354 mark at six o'clock Tuesday. In addition to these paid up registrants there are approximately 150 students who have pre-registered but have not paid their fees. Last summer the number at this time was only 1287 which makes this the largest enrollment in the history of the college.

NOVEL ACTIVITIES INCLUDED IN SUMMER TERM PROGRAM

Assemblies, Teas, Native Dinners Are Soon To Be Given

MRS. FERN BOULWARE

A sincere recognition of the value of recreation in summer School life has given rise to a varied program of extra-curricular activities. Teas, cosmopolitan dinners, trips, and novel assemblies are some of the activities which have been planned.

An informal tea at the Fairmont Hotel will be the main social event of the summer. It will be held on Thursday, July 9. Mrs. Richard Papondre will be the guest artist. The men of the college are urged to attend. Special tables will be reserved for them.

An informal reception for faculty and students has been arranged for Thursday, July 2, to which everyone is invited.

Cosmopolitan dinners, always a feature of Summer Session, will not be neglected this year. The committee has planned for some gatherings at restaurants not visited last year. However, there will be another dinner at the popular Swedish School of Applied Arts where an excellent dinner of Swedish food is served. There will also be an exhibit of Swedish costumes and weaving. One of the outstanding features of the evening is to be a group of Swedish folk dances.

A tentative program of assemblies has been made. The second assembly will be held, Wednesday, July 1. Rudolphe Rodil, soprano, and Dorah Dooley, concert harpist and pianist, will be the contributing artists. Miss Rodil will present "An Hour in Musical Bohemia". She will be in costume.

Reva Lazelle, of the San Francisco Conservatory of Music has secured a mixed quartet for an as-

DAILY REMINDER

Calendar

- June 29—2:00 p. m.—Trip to Battleships
- June 30—Rural Club Meeting
- July 1—Assembly at 12 o'clock—Soprano, Harpist, Swedish Dinner.
- July 2—Informal Reception to Faculty and Students—Activities Room, 8:30-5:30.
- July 6—Assembly at 11 o'clock—W. J. Cooper, U. S. Commissioner of Education.
- Visit to Chinatown and Chinese Dinner.
- July 9—Informal Tea at the Fairmont Hotel at 8:30 o'clock.
- July 15—Assembly—Mr. Hunting at 1 o'clock.
- July 16—Egyptian Dinner.
- July 20—Visit to Hills Bros. Coffee Factory.
- July 22—Assembly—Mixed Quartet at 2 o'clock.
- July 23—Fish Dinner at Bernstein's Fish Grotto
- July 24—Symphony Orchestra.
- July 27—Visit to Fleischacker Zoo.

Trip Is Planned

An interesting trip is being planned Saturday, July 19, 1931, for all students here at summer session.

The trip will include a bus ride down the peninsula to see Stanford University and President Hoover's home.

This excursion promises to be good and the entire cost is only one dollar.

EDITORIALS

Welcome!

To the new faculty, to those who have come from distant places, and to resident students, the BAY LEAF extends you a welcome.

We hope you will endeavor to participate in the program of social activities which has been planned for your pleasure and benefit.

The professional and cultural program has been arranged for you with your needs and wishes in mind.

Prominent people in many lines are here to further your professional life and give you inspiration to carry back into the field.

The BAY LEAF knows that you will make the most of what S. T. C. offers you, and hopes that you have an enjoyable six weeks while you are doing it.

The BAY LEAF is to be a weekly for the first time in Summer Session history, and the editorial and business staff of the publication stands ready to assist you at any time.

When found robbing the cash box in the fish store, be nonchalant—smoke a herring.

Better Quit

A Bishop had been speaking with some feeling about the use of cosmetics by girls.

The more experience I have of lipstick, he declared, warmly, the more distasteful I find it.

Right at That

"Where do you live?" the reporter asked the young bridal couple.

"At the Old Manse," replied the bride.

And so the newspaper man said: Mr. Hardup and his bride, the former Miss Millions, have returned from their honeymoon. They will live with the bride's father.

I wouldn't be a fool if I were you!

That's the only sensible thing you have said during this argument. If you were I, you wouldn't be a fool.

Alumni

Mrs. Ethel Phillips has been appointed teacher of primary grades near Jackson, Amador county.

Mrs. Fern Carlton has been appointed principal of a school near Visalia.

Sadie Lopesco and Marie Bushell have been appointed to teaching positions at Del Monte.

Catherine O'Sullivan and Alice Zander have been appointed to the Martinez schools.

Grace Smith and Barbara Blaess have been appointed to teach in a two-room school near Hobart Mills. Grace Smith is to be the principal.

Blanche Berggren has received a position in the Lincoln schools.

Madeline Fahs and Dorothy Caswell have been appointed to teaching positions at Modesto.

Miriam Parsons will teach the Bloomville school next term.

Vivian Bonetti will teach the school at Black Point next term.

Frieda Raemsch has been appointed to teach at Waterford.

Frances Stelzner has received a position in the Newman schools.

Written by Me on the Q. T.

VIOLA GIESEN

They say that Kay O'Sullivan, who has been student body president of STATE for the past two years, is starting right in now to pack her 14 or 15 trunks. She wants to be right on the job up in Martinez bright and early on the morning of August 24. Nor will she be alone.

Petite Alice Zander, last year's student body secretary, is going along with her in order to make sure that no train engineer runs off with Kay in the business of being an old maid. You see, Kay turned down four other jobs (and this is on the level) in order to teach the sixth grade in the Martinez Elementary School. And Alice, too, contracted a comfortable position in the kindergarten up there. 'Tis said that after the days' labor, they are going to bunk together. But, in all modesty, both assert that neither knows how to cook. CORRECTION: Kay did say that she knows how to boil potatoes. And Alice did say that she likes to cook coffee. So I suppose the daily menu will run something like this:

Breakfast coffee and spuds
Luncheon spuds and coffee
Dinner Java, spudering stew!!!

Back at STATE this summer is Velma Schultz, better known to her college friends as the one and only Pat Schultz! You see, Pat was pretty here just before Kay—so she's more than well-known!

Pat and her sister, Edith, are taking several courses together. And Pat seems to like it! She blushes with pleasure in all of her classes, although it takes an eagle eye to see the blushes beneath her heavy coat of tan. And why shouldn't she be tan? She was exposed to all kinds of sun up there in Fort Bragg during the past two years since her graduation. She looks great too—awfully strong! But she says she needs her strength, since she has to hold down 35 kids in their fifth grade seats when they're much rather prefer to play cops and robbers or go for a swim!

The First man who ever dared to invade this college way back in the dark ages as a gentlemanly student 'mongst' hundreds of luring females, has come back again this summer to gloat over his feat. That man is none other than the honorable Mister George Freetchle.

Mr. Freetchle cut quite a figure in his day around here. He was to the co-eds then as fly-paper is to flies now—a regular he-man magnet! And don't forget it—he still is—although happily married and well-started in the teaching profession.

Congratulations, George — from one who knew you in your prime!

Pleasure Beckons In Outdoor Sports To S. T. C. Visitors

Do you like to swim, row, hike, or golf? San Francisco whose climate conditions are most conducive to outdoor recreations, since extremes of heat and cold are practically unknown, offers all these. For this reason Herbert Fleischer's open-air pool is the most popular of this city's outdoor tanks. The location of the pool not only affords swimming but also sunbathing. It is here, also, that the best tennis courts, other than those at Golden Gate Park, are situated.

Golfing Greens Near
Golfing at Lincoln Park always is enjoyable, due to the excellent green that overlooks the renowned Golden Gate. The Woman's Golf Club of San Francisco State Teachers College holds its annual tournament on this golf course.

The hills of San Francisco offer the enthusiastic hiker tree-shaded paths and rugged cliffs.

Park Offers Variety

Recently a space in Golden Gate Park was set aside for the enjoyment of those addicted to the sport of throwing horse shoes. Likewise, equestrian paths are offered those who ride horses, and a beautiful artificial lake is provided for the sport of boating.

The unusual advantage of the outdoor recreation of San Francisco is that it is only a few minutes' ride from the State Teachers College campus. These outdoor sports of great diversity are near at hand, and are possible the year around.

Recorder Journeys To Caribbean Sea

In an attempt to get a real rest after the tiring work of registration, Miss Florence Vance, recorder, taking the slowest boat that she could find, left Wednesday, June 24, for a cruise on the Caribbean. Although she has been advising others in the college to take Social Science S100, "History of the Caribbean," Miss Vance herself knows nothing at all about where she is going or what she is going to see—except that she plans to visit Panama, Havana, and New Orleans. The trip promises to be a novel one, and all S. T. C. wishes Miss Vance a happy journey.

S. T. C. Publications Strive For Higher Rating In Work

Growing with the college, the publications of S. T. C. are striving each semester to reach a high goal among the newspapers and annuals of other colleges and universities.

Franciscan Wins Honors
Three years ago the Franciscan, the college annual, was almost unknown. A board of control was founded by Dr. Alexander Roberts, with Miss Grace Carter as its advisor. The board and the editorial staff worked together and produced an annual, that, with its theme of "Lavender and Old Lace," edited by Geraldine Eggleston, won an honor rating from the National Scholastic Press Association. The annual was definitely on its feet. Encouraged by her predecessor, Leona Rose, editor of the 1930 Franciscan, worked hard with her staff on a co-educational theme and the annual was awarded first place among colleges of its size by the N. A. P. A.

Bay Leaf Improves

Only last semester the Bay Leaf, the college newspaper, changed from a five column weekly, and next semester, the staff hopes to see it firmly established with seven columns. Although as yet the paper has won no honors in competitions, it is improving rapidly. The staff has increased from a few reporters and associates into a large group. In the future more courses in journalism will be offered.

A new position has been recently established and will be filled for the first time next semester. It is to be known as Student Director of Publications. It will be filled by Ciwa Griffiths, past editor of both the Bay Leaf and the Franciscan.

PROFESSOR'S VISIT
Continued from Page 1, Column 1

Bureau of Speech Correction; Miss McKenzie is a specialist in the education of the deaf.

Other no less important members are: Miss Kautz from U. C., Dr. Stanger from San Mateo Junior College, and Mr. Hunting from Fresno Teachers College. One to whom we can look forward is Mr. McConathy, the leading figure in U. S. public school music. Mr. McConathy, who will be here for the second three weeks, is the author of the familiar Progressive Music Series.

"Yassum," replied Aunt Mandy. "Hit sho am great to hab a edication!"

Alumna Appointed To Office Position

After having been a volunteer assistant in the Registrars Office since her sophomore year, Alice Rich has been appointed by President Roberts as office assistant to the Registrar. Miss Rich has worked in the office constantly and has also been prominent in school affairs as President of Phi Lambda Chi, Vice-President and Secretary of Delta Sigma Nu, member of the Student Affairs Committee, and Chairman of the Student Body Tea.

**College Founded
As Girls' School**

San Francisco State Teachers College had its origin in 1875 as a one year normal school for girls.

The present building was constructed at the site of Waller and Buchanan streets in the year 1906, and expanded gradually using the two blocks bounded by Buchanan, Laguna, Waller, and Haight streets.

Several new buildings have been added to the campus. At the present time, plans are being made for an additional wing to the science building, which will be started during the summer months.

Dr. Alexander C. Roberts, formerly of the University of Washington, took up the duties of president of the College on September 1, 1927.

The college is now open to young men, and has been very successful in securing an enrollment of approximately 232 men students during the last few years. An attractive program of sports is offered, and the college has successfully competed with many prominent universities hereabout.

Art Easels Provided For College Classes

June 22 was a happy day for prospective artists of STATE. For in Room 213, there appeared the most thrilling sight any amateur artist could ever hope to see.

Neatly arranged and evenly spaced, 30 brand new art easels stood as if in wait for the coming of the masters.

Such easels had long been demanded by the art department. But like so many other things, they were slow in coming. Now at last they are here! And as Miss Evelyn Mayer, Mrs. Marian C. Cooch, and Miss Hilda Keel-Smith so often remarked—"Much more beautiful effects in creations of art might be attained by our college students if more convenient workable conditions for them be satisfied."

Advisory Council Is Organized Again Under Chairman

After a complete reorganization of the Freshmen Advisory Council had been made, Mary Margaret Davis was selected chairman of the group, and Steiler Oksen, secretary, recently.

At an enthusiastic noon meeting, it was decided that these student advisors will meet with the following faculty advisors: Miss Evelyn Mayer, Miss Jessie Casebolt, Miss Ethel England, Miss Eileen McCall, Dean David Cox, Mr. Stanley Morse, and Mrs. Katherine Bridge. This meeting is to be held in order that, through closer co-operation between student and faculty advisors, freshmen may be aided in adjusting themselves to the new college life they are about to enter. In order that the incoming freshmen for the fall 1931 semester may be made to feel at home immediately, the members of the advisory council will meet their advisory groups the first Monday of the fall session.

New Requirements Made To Graduates

The faculty has recently set up a number of professional courses that must be completed by pre-secondary students before they can graduate with an A. B. Degree.

Those wishing a credential in General Elementary and Junior High School Education will be required to take Education 101, History of Education; Education 124, Philosophy of Education; Education 136, High School Tests and Measurements; and Education 170, Principles of Secondary Education.

All of the various courses will be given next semester excepting Education 136.

Book Store Grows From Experiment

In the spring of 1928 the S. T. C. Book Store came into being and was one of the first visible results of Dr. Alexander Roberts' regime. For a year it was a struggling and doubtful experiment. Located in quarters half the present size, run on part time, inadequately stocked, with no soda fountain, lacking sufficient help, it faced failure but would not give up. It was a worthy experiment and offered something the student body needed. It just had to succeed.

First Sponsored by Committee
The store was originally established under the sponsorship of the Student Activities Committee. For most of a year it met its problems and worked them out through the help of a sub-committee appointed for the specific purpose of guiding and encouraging the undertaking. In those days Mrs. P. Marples, as manager, custodian, and clerk, kept store in the morning and served as assistant-librarian in the afternoon. Those interested in the enterprise stood in the hallway and gawked over each stray patron who entered the door. Today, because of its popular and progressive policy, one is lucky if he can squeeze through the doorway.

Placement Record Proves Excellent For S. T. C. Graduates

Placement information from the office of Dean Du Four shows rather an outstanding record for the placement of graduates of San Francisco State Teachers College. Out of 257 graduates, all but eleven were placed. Those obtaining positions were distributed over three states, Arizona, Nevada and thirty-four counties of California.

Needs To Make Contacts

Any graduate having a fair degree of energy and intelligence should be able to make contacts that will yield results, according to Dean Du Four. There are three definite steps in the placement of a teacher. These are the responsibility of making contacts and creating interest in the province of the graduate. After that the dean's office is ready to furnish the necessary information, and does so promptly, often giving twenty-four hour service.

But the initial burden of responsibility, Dean Du Four points out, rests with the prospective teacher. This is the day of personal contacts.

In view of the present business depression there will perhaps be a smaller turnover of the teaching personnel already established, and no undue expansion, so applicants should try twice as hard and make contacts in twice as many places.

Former Record Shown

Certainly this record of 1930 shows what can be done:

Children's Library Opens For Visitors

All visiting students who are interested in children's books are welcome to avail themselves of the opportunity of becoming familiar with children's books both new and old, by visiting the Children's Library at the Frederic Burk school. This library, with its collection of over 5,000 books, will be open daily from 8:30 to 12:00, except Saturday, and on Tuesday and Friday from 1:00 to 4:00. The purpose of this library is not only to offer supplementary and reference reading for all class activities, but through guidance, to encourage and foster a love of books so as to contribute to the growth of every child.

S. T. College Now Co-Ed Institution

San Francisco State Teachers College is fast becoming a co-educational institution in fact as well as in name. Men are beginning to see the advantages and opportunities that may be secured in the field of education. Consequently the male enrollment at the college is increasing in greater numbers each year. During the last three years the increase in male enrollment has been more than expected. Beginning in the 1928-29 school year with seventeen male students at the college the enrollment was increased to thirty-eight men in the 1929-30 school year. Now, in the 1930-31 year, the male enrollment has increased to 232 men, the largest male enrollment in the history of the college.

With the advent of men into the life of the college athletic relationship has been established with other colleges. Athletic teams have been organized to represent the college in the various sports. Not only are the men given a chance to participate in the athletic relations of the college but they are given an opportunity to take part in all social activities.

Co-Op Grows

Thirsty students, music lovers, and sliders will be glad to hear Mr. Percy Marples' announcement that he has added to the list of Book Store facilities a new coffee machine, a counter for selling tickets, and oiled floors. It won't be long until chesterfields, an orchestra, and dance floor are added to his list—maybe.

Summer Program Varies

Continued From Page 1

sembly to be held, Wednesday, July 15. Miss Lazell sang at one of the assemblies last year. The program will be announced in detail later.

At another assembly, Mr. George H. Hunting will present one of his dramatic readings, *The Barretts of Wimpole Street* by Rudolf Besier. The date has not as yet been decided upon.

William John Cooper, United States Commissioner of Education, will give an address at 11:00 o'clock on July 6.

Four trips have been planned for the visiting students. There will be an excursion to the battleships now anchored in the bay. Students will have an opportunity to visit the K. F. R. C. radio station. There will also be a trip to Fleishacker Zoo. A trip to Hills Brothers Coffee plant is also planned.

Students are urged by Mrs. Boulware, director of extra-curricular activities for Summer Session, to sign up as early as possible for any of the social activities that they wish to attend.

The arrangements for the activities of Summer Session have been made by Mrs. Boulware and Ellen Alexander, chairman of the hostess committee. The members of this committee will be the hostesses at all the social functions. The members are: Edna Browning, Sue Ella Barnett, Alice Zander, Ethel Newton, Sally Wilde, Margaret Petray, Louise McLo, Marie Bushell, Evangeline Richards, and Vivian Brewer. The Summer Session slogan is "Watch the Bulletin Board" for all details and changes of the program.

It looks as if Clara Bow will soon be writing a book entitled "Ex-It".

She Debates

SYLVIA BURKE

State's Team Will Debate Attorneys

"Prohibition Has Not Increased Crime" is the title of the debate to be given tonight at Scio Hall between a team at the San Francisco State Teachers College and a team of city attorneys.

The Anti-Saloon League furnished ample information for Charlene Crawford, Sylvia Burke, and Beatrice Harmen who are upholding the negative.

The chairman for the debate is Municipal Judge George J. Steiger, Chief Justice William H. Waste, of the Supreme Court will head the judges.

Work on New S. T. C. Hall Will Begin Two Years Hence

Dr. Alexander Roberts states that in two years from now work will begin on the new million dollar College Hall of S. T. C. This new building will be on the present site of the Administration Building and will cover all the space between Anderson Hall and College Hall.

Buildings Will House Offices
This new building, states the president, will house the administration offices for the entire college, student body offices, and activities rooms, Reception rooms, a little theatre, a cafeteria, sixty new class rooms, a library which will have shelf room for 75,000 volumes, music accommodations with separate band and orchestra rooms and twenty four small rooms for individual practice will be included in the new building.

New Gymnasium To Be Built

For the physical education department of the college, there will be a main men's gymnasium and a second women's gymnasium. Two smaller physical activity buildings, one for men and one for women, and a swimming pool will also be built. Altogether there will be five gymnasium floors and ample shower and locker facilities.

What is your occupation?

I'm helping father.

And what does your father do?

He's retired.

He: I've waited a whole hour for you.

She: I was detained in the beauty shoppe.

He: Too bad you did not get waited upon.

Summer Faculty Is Greatly Enlarged

Among the twenty nine visiting faculty members, eighteen of them are new comers to the college.

The music department is especially fortunate in having the largest summer school faculty it has ever had. Mr. Charles Lamp who will direct the chorus, and Mr. William Knuth who directs the orchestra, plan to combine these two units and develop several cantatas, and other interesting features. Members eighteen of them are new comers to the college.

The music department is especially fortunate in having the largest summer school faculty it has ever had. Mr. Charles Lamp who will direct the chorus, and Mr. William Knuth who directs the orchestra, plan to combine these two units and develop several cantatas, and other interesting features. Members of the chorus will be given opportunity to select material for study, which they hope to teach. Mr. Lamp's courses will be the outgrowth of nearly twenty years of teaching experience.

Mr. Frank Silver will give one of the most practical courses of the session, on the care and repair of musical instruments; he will not only teach what to do, but what not to do.

Mrs. Florence Alexander, who has charge of instrumental music in the training school, plans to give a number of demonstrations.

An innovation in the music department is the opportunity for individual study of voice and instrumental music. In addition to the regular summer faculty, nine extra instructors are giving these courses which brings a total of 15 instructors in this department. Every one of them is outstanding in his particular field of work.
